

# Cook County Right To Carry Town Hall Meeting

Thursday May 27, 2010  
7:00-9:00 pm

## Serbian Social Center

18550 Stony Island Avenue  
Lansing, Illinois 60438

No matter how much your friends and family love you and no matter how much the police try, that individual is the one left to respond to an attack the moment it occurs.

48 states have concealed *carry* provisions and Wisconsin recognizes the right to openly carry firearms for personal and family protection. That means 49 states have some form of right to carry law in force. It is currently a felony to do so in Illinois!

We don't feel like **anyone should have to choose between being a potential victim, or a potential criminal.** . *The very same politicians who keep voting to keep you unarmed are allowed to carry a gun for their own personal protection!!!* Is their life more worthy?

Those who have questions and concerns about this issue are invited to bring those to the meeting where our knowledgeable panelists can address them. Make sure you attend this Town Hall Meeting and bring at least two friends with you.
